THE GAZETTE.

WEDNESDAY EVENING, MARCH 11.

The Alexander Peach is a new variety, raised from seed four years ago, and of great promise | John H. Russell, defendant, on account of its earliness. It originated at Mount Pulaski, Logan county, Ill., and is asserted to be two weeks earlier than Hale's Early. Specimens were sent to Charles Down ing and others, who would probably have detected any indication of premature ripening by disease, had they existed. At the place of its origin it ripened last year on the 18th of July, and the crop was generally ripe July 22d. At the same place the first specimen of Hale's Early ripened about August 9th. Future results will be watched with interest.

FISHING AT HARPER'S FERRY. - In the Potomac river at Harper's Ferry the black bass, salmon and trout have commenced to bite, and the fishing season has commenced. As early as the 4th instant Jonathan Lograham caught a large speckled trout, it being the first of the kind which has been caught since they were put in the river. Harper's Ferry bids fair to be a great fishing resort during the coming spring and summer. Preparations are being made for the accommodation of numerous disciples of "Iz z Walton" at the hotel, over which a (fishing) Reed presides.

TRIPLETS -Georgeanna Jones, colored, liviog at Mr. Samuel Baggett's, in Spot-ylvania county, gave birth to three full sized girl chil dren, yesterday, about 7 or 8 o'clock in the morning. All alive and perfect. The woman is about sixteen or seventeen years old .- Fredericksburg News.
